Eric and Kayla will have you on the edge of your seat!!!By Elsie PittI am voluntarily reviewing an ADVANCED REVIEW COPYLove this AUTHOR! it always surprises me when I find them and they just totally take me out of my comfort zone with an AMAZING story. I have a few books in my collection and I totally believe you will love this story too!!!!It is a short story but this author combines the play on words so well it actually feels like a novel.thank you T.S. Ryder for giving me the opportunity to review for you. I look forward to more!!! 1 of 1 people found the following review helpful. sweet romance storyBy Kindle CustomerThis was cute, sweet romance story. I was frustrated with male MC for not following female MC if loved her so much. Female MC allowed his parents to nurture her doubts due to be young and no confidence which was also frustrating. It all gets sorted out 3 years later which could have been mended earlier with communication. I mostly liked the story. It would be nice to have Quin and Donna's story next.0 of 0 people found the following review helpful. The Shifter's Secret BabyBy Elisa (Nahanea)Totally entertaining read!! The storyline is very intriguing. Different types of shifters and vampires. It's a whole new look in genres they have sunk their hooks into each of us.Hoping this is a start of a series. Really can't wait to see if Quin has a book of his own!!I voluntarily reviewed an Advance Reader Copy of this book.

A curvy gal with a secret love child PLUS an impossibly hot werewolf Alpha PLUS a vampire coven getting ready to flash some fangs; Eric Civerly is scorching hot, filthy rich and the powerful Alpha of a werewolf pack. His gobs of money and killer abs can get him anyone he wants. But he isn't interested. He gave his heart away a long time ago.Kayla thought that she would never see Eric again. Three years after their passionate affair, all she has from him are memories; and a little daughter he doesn't know about.But the past comes rushing back when Eric and Kayla meet again. She knows she has to forget about him; it will only end up being a big mess. But why on Earth does the guy have to be so freaking hot?And as the same intense passion that was Eric and Kayla's undoing years earlier reaches a boiling point, a vampire coven threatens to attack Eric's pack. Eric has to ask himself one question: Can he keep his mate and child alive? Is he prepared to risk everything for them?This is a 63-page stand-alone paranormal action story with BBW, alpha, werewolf, billionaire and secret pregnancy elements. It has an HEA, so no cliff-hangers! This is a HOT story with mature themes and language. For 18+ readers only.
